Catamaran

Catamaran Sailing in the Maldives can be one of the most relaxing experiences you will have.

Catamaran Excursions are available for half a day or a full day. With this excursion you will explore the Rasdhoo Atoll with one of our local guides, and if you are lucky you might see some dolphins.

Joy rides are brilliant opportunities to experience the catamaran at its best in high winds, even if you don't know how to sail. One of our instructors will do all the work, whilst you take in the excitement.

Captains are available for Catamaran Sailing. If you don't know how to sail but would like your partner or family to experience something different, then a captain is the best way forward.

All members of our team are professionally trained and friendly, so come and join us!
